

# ZABEL MONUMENTS

*Every Life is Worth Remembering*

*Loss brings a heartache  
no one can heal,  
love leaves a remembrance  
no one can steal.*

# There is strength in Love

# *Time is a great healer*

Time is a great healer, every family  
and every situation is unique.  
Be patient with yourself as you  
consider how to express the joy  
and love for this one of a kind  
individual, that left too soon.

Our first step with you is to listen  
and learn about your loved one. We can  
help you find a beautiful way to remember  
the life they lived and the memories that  
will last for generations.

### **Custom Designs**

Working to summarize ones life is a journey, but we can help you find a way to express your love.

We specialize in unique custom design.

# *A Memorialist*

*A memorialist is both an artist and a craftsman, we create our own work and quality is our primary focus.*

# Create a Space

## ***Connect to Memories***

There are many ways we can help you create a physical space to reflect on our connection to loved ones.

People often find that a tangible space, whether it be in your backyard or a more public setting, can help bridge to those positive memories, those “little bits of advice” which hold so much meaning.

Blackbird singing in the dead of night  
Take these broken wings and learn to fly  
All your life  
You were only waiting for this moment to arise

Blackbird singing in the dead of night  
Take these sunken eyes and learn to see  
All your life  
You were only waiting for this moment to be free

Blackbird fly, Blackbird fly
